SOLUTION LAB

Creating a 21st Century Intelligent Health System in Louisiana

Center Founder Newt Gingrich and Louisiana Governor Bobby Jindal will host an event on October 22 focusing on improving Louisiana's health and healthcare systems. Both Speaker Gingrich and Gov. Jindal will provide opening remarks, followed by a Q&A session. This will be followed by a series of three panels. The first will focus on "Designing an Effective and Efficient Health Delivery System in Louisiana." The second will be, "Achieving Optimal Health and Wellness for a Productive Louisiana." The final panel of the day will be, "A Community Approach to Managing Diabetes and Obesity."

Health-Based Health Reform

There are hundreds of breakthrough practices and solutions that are proven to improve health and lower costs. If we rebuilt government policies to maximize the rate of migration to these practices and solutions, we would be dramatically healthier and would also save an incredible amount of money. The fact is better health ultimately leads to less overall cost. Health-Based Health Reform is not only a moral issue, it is also central to our economic future. We cannot solve our country's financial challenges without it. [Read more >>](#)
